

# Details Are The Secrets Of Our Quality

VD SERIES

If you are a start up company or a low volume producer (12.000 containers per day), you find definite solutions to the problems of your filling processes by KULP semi automatic depositors & fillers.

KULP provides you the highest capacity that you may ever have with the semi automatic machine. It allows accurate filling of thin or viscous, foamy or sticky, hot fill or sanitary products from 5 ml. to 20.000 ml. in food bakery, cosmetics, chemical, paint and pharmaceutical industries.

CODE	FILLING RANGE	CAPACITY
VD-50-1	5 ml - 50 ml	2000 Con./hour
VD-150-1	15 ml - 150 ml	1800 Con./hour
VD-500-1	50 ml - 500 ml	1500 Con./hour
VD-1000-1	50 ml - 1000 ml	800 Con./hour
VD-5000-1	500 ml - 5000 ml	420 Con./hour
VD-20000-1	3000 ml - 20000 ml	180 Con./hour

VD
