

# NOVOTHERM SMOKEHOUSES

## Multifunctional and Universal

Blentech/Nowicki Smokehouses are perfect for meat, poultry, fish, cheese and all food products.

- Complete stainless steel fabrication
- Modular construction design for expansion at a later time, one to six trucks
- Modules added later can be interfaced and controlled by primary microprocessor or individually
- Multiple heat sources available (Electric, Steam, Electro steam, gas or oil)
- Individual air ventilation system with heating and humidity for each module
- Horizontal air distribution design for maximum distribution
- Each module equipped with its own washing system
- Highly efficient thermal insulation in each module
- Each door equipped with safety latches to open from inside
- Intensive cooling option and cold smoke option
